

SIMPLY 22™ SCREENING

HQ&CO™

DEFINE, STRUCTURE AND
ORGANISE YOUR WORKSPACE.

Facilitate productivity & efficiency

Simply 22™ defines and structures working spaces. It is an elegant floor and desk-based screening system designed to promote productivity and efficiency, whilst simultaneously creating a working environment that is neat, functional and well organised.

Balance interactivity & privacy

Simply 22™'s screens and accessories create a balance in the workplace, promoting an interactive working environment without compromising privacy or productivity.

ADDING STYLE, ELEGANCE
AND FUNCTIONAL VALUE TO
YOUR WORKPLACE.

Effortless workstation cable management

Simply 22™'s power poles route cables to the workstation effortlessly and include an integrated channel that separates the voice/data and power cables. Power poles may be used independently of the screens, providing power from the ceiling to any part of the workplace.

Creative, flexible solutions

Simply 22™ adapts as your company evolves and is quick to install and reconfigure. Ease of installation allows for greater flexibility and rapid change.

Screens can be reconfigured without any tools, minimizing the downtime associated with layout changes.

Fabric, perspex and glass are amongst the many finishes that can be incorporated, allowing designers to creatively express the unique attributes of any company.

1. Pen and pencil holders 2. Note trays 3. Sorting trays

Personalise & organise workstations

Simply 22™'s stylish accessory panels are built into the screens. They are designed to maximise desk space, providing vertical off-desk storage for documents, stationary and the like, thereby adding functional value and creating organised, personalised workstations.
